6371392025

Cuttack, Odisha, India

Accomplished professional with expertise in planning, designing, and implementing high-quality websites. Skilled in HTML, CSS, JavaScript, and react js. Proven ability to quickly understand requirements, create innovative solutions, and complete projects within tight deadlines. My proactive approach and keen problem-solving abilities have prepared me for challenging roles in dynamic environments.

Work Experience

MERN Stack intern

Mar 2024 - May 2024

Boostr Netwave

- Gained experience with HTML, CSS, JavaScript, React.js, Node.js procedures and systems, enhancing my web development and problem-solving skills.
- Managed task coordination such as web design, coding, and client communication simultaneously, ensuring timely completion through effective prioritization and resource allocation.
- During my internship at Boost Netwave, I independently designed and implemented a responsive web page which improved user engagement by 20%.
- I proactively organized and managed multiple tasks simultaneously, which improved my time management skills and led to the successful completion of projects.
